# Resources Designed to Create
Personalized Learning
Journeys for All Students
in Grades K-5

Raz-Plus Connected Classroom combines the comprehensive, blended learning platform of Raz-Plus with a library of tools and resources curated specifically to ensure that accelerated, standards-based learning happens anytime, anywhere. Each student's experience is differentiated to help educators create a student-centered learning path for learners of all reading and ability levels in Grades K–5.

Key Features

- A **Student Self-Evaluation** automatically populates digital assignments based upon student responses, while providing baseline data upon which to further build students' personalized learning pathways.

- **Instructional Goal Sets** provide a series of research-based practices to help accelerate student learning, fill in learning gaps, and foster social-emotional development.

- **Lesson Guides** help teachers scaffold instruction so all students can access grade-level texts with clearly identified teacher actions that positively impact academic growth.

- **Interactivities** provide interactive practice opportunities for students to address text-dependent questions, constructed responses, and vocabulary.

- **Standards-Aligned Resources** correlate program instruction and practice to standards outlined by NAEP, NWEA, SAP, and CCSS.

- The **Social, Emotional, and Academic Development (SEAD) Guide** explains the key skills within social and emotional learning and provides tips and guidelines for integrating these into academic development.
